June 7th, 1915

Miss A. M. Stewart,

Trail, B.C.

Dear Miss Stewart:

I am glad to know of the work that you are doing in Trail in connection with the various patriotic funds, and I hope that your difficulties with regard to the management will soon be over. I am also glad to say that there has been such a response on the part of friends and graduates of the University that the Base Hospital has gone to the front well equipped and will be well maintained throughout the war, consequently it is doubtful whether we shall ask our graduates for additional help.

I am sorry that you have not been getting news from the University for some time. However, I will ask the Alumni Association to send you a copy of the "Alumni Monthly". It is issued eight times a year and in it you will find a good deal of information as to the progress of the University. I am sending you also a copy of my last Report.

With kind regards, I am,

Yours sincerely,

President.

only in the last fortnight or so but working in a small way under that name for some months. a little hampered by having been begun under political auspices. There is also a Patriotic society and the Women's Auxiliary of the latter, of which I am President, has tried in vain to bring about a union

of the two factions. However we have been doing considerable Red Cross work and last week sent off eight cases of hospital and field kit. Until the last few weeks we have had no systematic canvass of the town, and have ourselves been held back by lack of funds but this condition is

I trust a thing of the past and we are hoping henceforth to accomplish much more and to send forward regular supplies to Toronto.

In closing might I ask if there is any way in which a Toronto graduate may keep in touch with University affairs. At present I hear from them only when a subscription is wanted. Sincerely

Alice A. Neil Stewart '03.

Trail, B. C.
June 1, 1915

My dear Dr. Falconer:—

Under date of April ninth I have a circular letter from the University with reference to the undertaking of Red Cross work in Trail. I may say, in reply, that there is a Red Cross subsidiary here legalised
